Washington Day by Day

BY DR. JAMES E. POPE
Special Washington Correspondent

CONGRESS IN SWING SESSION

The 76th Congress is well on its way toward making peculiar history—history favorable to Republicans if the Republicans can swing it that way, or history laudatory to the Democrats if the red dealers can keep on being lucky. An aggressive Republican minority, rejuvenated by a dash of high life sprayed on its mangy and flea-scarred hide last November, is trying to climb out of the rumble seat and grab the steering wheel. Republicans, with eyes on the 1940 election, want at least to ride within reach of the brake lever and ignition switch.

And so the duly elected representatives of the people are utilizing the Capitol dome as a sounding board for beating their political drums by remote control along the Mohawk and the Mississippi, all the way from Puget Sound to Palm Beach, and from Harlem to Frisco. History is in the making—but it is mostly partisan political history. Democrats and loyal New Dealers are ready set on consolidating their position, and will regard anything short of actual defeat at the polls in 1940 as a smashing victory for the new deal. Republicans on the other hand, are thankful for even small favors, and are attempting to create favorable GOP atmosphere. Neither side seems to hold any conscientious scruples about methods, but regard objectives as all-important.

OUR APPANAGES OF EMPIRE—AND POLITICS

"He that prophesieth is doubly cursed" is just another way of saying that it is safer and wiser for a columnist to write history than to predict. But in the case before us we do not necessarily have to be seers to recognize the tune the political pipers on Capitol Hill are trying to play.

We who have eyes to see know full well that so long as government spending is good for the modern politician there will not be a depression in political monkey doings in Washington.

Republicans may stage their preludes to comeback. Democrats may bedevil Democrats, scientific approaches may be made toward greater heroism in partisan eloquence. Mr. Wallace or his successor may still tell the farmers what they can or cannot plant, and Jim Farley's hair may become curly—but just as long as free spending is supposed to win votes it is not an exaggerated diagnosis to predict that neither Democratic nor Republican demagogues will hesitate to chain poor panhandlers and our children to an economic galley.

The only plausible estimate is that the budget will be balanced by more taxes. We are merely the gullibles who must vote and furnish the dough, but for us to protest against mounting deficits would be like sitting on Pike's Peak to keep it from toppling over, and about as effective as hunting lions with a quirt.

CONGRESS AT A GLANCE

President Roosevelt is facing his first encounter with a Congress where anti-new deal and conservative democrats hold the balance of power. Some of the President's so-called "purge" victims are spilling for a fight, and the much-advertised success of these Roosevelt-opposed candidates at the polls will have the effect of encouraging some of the others to stiffen their necks. There are the isolationists and pacifists in both houses who are afraid the Administration's preparedness policies will embroil us too deeply in world affairs. So what?

MY WILL, NOT THINE, BE DONE

Patterned after the old custom of political horse-trading, these "purges," anti-this and anti-that, are trying to gang up and present a powerful bloc against the White House. The mere fact that a prolonged fight surely hurt business is not even remotely considered at either end of Pennsylvania ave., it seems, so now the alleged White House slogan of "My will, not thine, be done" is being plagiarized by those playing stellar roles in the side show just opened on Capitol Hill.

IN THE DOG HOUSE

In the face of this, President Roosevelt has several important appointments coming up for confirmation in the Senate; he must depend on the House to initiate and approve more billions for relief, and billions for national defense; he is also facing a determined fight for

SKIERS LAUNCH SPORT SEASON

Placerville Club, 4th In Carnival Attendance, To Meet Thursday Night

The winter sports season in the American River Canyon and at the summit got under way Sunday when several score of enthusiasts visited the snow fields. At the higher elevation, threatening further storm throughout the day curbed the number of visitors but a large number spent the day in the lower sections of the canyon.

This was the first weekend of the season that any considerable amount of snow adequate to general sports has been available.

Ski club members, looking forward to their regular meeting on Thursday night, are making preparations for a large attendance owing to the fact that Roy Mikkelsen, of Auburn, twice national jumping champion and several times state champion in jumping, will be a speaker.

Reporting on the Sacramento winter sports carnival, held at Sacramento Saturday night, Placerville Ski Club members stated that the club placed fourth in the attendance contest and that Miss Evon Blossom, of the Sugar Bowl Ski Club, won the carnival queen contest in which Miss Violet Cearley, of Placerville Ski Club, was an entry.

City Water Is Found "Pure"

Storm Blamed For "Cloudy" Appearance During Past Several Days, Says Morton

The forecast which the weather man announces from time to time "Generally fair but cloudy" would appear to apply to the water being served Placerville householders at this time.

James P. Morton, city marshal, has received a report on an analysis of two samples by C. L. Herb, Sacramento bacteriologist, in which the latter says that the samples are "excellent" as to purity.

However, despite absence of contamination in the water, the continuing "cloudy" appearance is causing the city employees worry no end.

Mr. Morton says it's the result of recent storms, and that every effort is being made to clarify the water as soon as possible.

3 A. M. FIRE ALARM FOR BURNING AUTOMOBILE IN UPPER TOWN

The three o'clock Sunday morning fire alarm called the department to a point on the highway in Upper Placerville near the Fred Spriggs residence, where a car belonging to Arnold E. Parker had caught fire.

Parker with John Riggs, "Bud" Hill and Clyde Cline had been to a nearby dance, it was reported, and were returning to the city. A bottle of gasoline in the back of the car had been upset and the fire was said to have started in this manner from a cigarette.

Cline was unable to get out of the car owing to the circumstance that his foot became caught in some manner, and was pulled from the burning car by one of his companions, escaping with slight burns. The machine was badly damaged.

COUNTY HOOP LEAGUE TO STAGE GAME WITH COLORED GHOSTS

The county basketball league, which opens its regular schedule on Tuesday night at the Cougar "coop", has scheduled an appearance in Placerville of the Colored Ghosts, a traveling basketball team whose members include members of the comedy softball team which appeared here twice so successfully last summer.

The Colored Ghosts will play against a league-all-star team at the high school gymnasium on Wednesday night, January 25.

CCC Baseballers To Enter U. S. Tourney

WASHINGTON, (UP)—Civilian Conservation Corps teams will compete this year in the national semi-pro baseball congress program. J. H. Stoneburg, head of the congress CCC division, announced today.

Sea Heroine

Pretty 18-year-old Svanhild Larsen, who sang to cheer the crew of her father's freighter *Smaragd* when it was sinking 600 miles at sea, turns author as she tells in New York of the Norwegian ship's rescue by the American freighter *Schodack*.

COUGARS TAKE 2 AT FOLSOM

Broadway Clowns Coming Wednesday, Play Jackson Here Friday Night

The next item of importance in Cougar basketball plans is the Wednesday night appearance at the high school gymnasium of the Broadway Clowns, a colored comedy-casaba company, who will cavort with the Cougar A team.

The Cougars made it two out of three against Folsom Friday night, dropping the C team game by a wide margin, winning the A team game in satisfactory style, and barely getting away with a victory in the middleweight encounter.

Scores were, C team, Cougars 8, Folsom 31; B team, Cougars 24, Folsom 23; and A team, Cougars 23, Folsom 16.

The Cougars have Jackson on their hands here Friday night for three non-league games.

The "infants" took the floor for the first game at Folsom Friday night, and Emmerson hooked 4 points, Bill Rupley 2, Sinclair one and Holt one, which was pretty good, but not enough to offset the ten points taken by King, eight by Keller, five by Maheffy and Gougand and four by Crowell.

In the Bee game, the Cougars led at half time 15 to 13 and the second half of the game was one of those thrillers in which with about a minute to play, the Cougars had a one-point lead. Boggs took the ball and spent the minute dribbling up and down the floor.

Point scores for the Cougars were, Boggs one, Cribbs 9, Killian 3, Edelman 4 and Wigglesworth 7. For Folsom, Daughter had 6, Rumsey 9, Mahaffey 2, Bailey 2 and Casella 4.

In the A game, the Cougars led at half time 15 to 3 and only got eight points in the second half, while Folsom took 13. Schroth with nine, Del Carlo with 2, Jack Singleton with three, Joe Singleton with six and Thompson with three accounted for the Cougar win. For Folsom, Kipp took nine, Russell 2 and Smith 5.

FARM BUREAU MEETINGS OF WEEK INCLUDE SOILS TOUR

Two center meetings and a meeting of the county directors are in the farm bureau program in the county for the week, in addition to the soils tour set for Friday, in which the Extension Service is co-operating with the Soil Conservation Service.

Coloma center meets at Coloma Tuesday night, and Rescue Center at Rescue on Friday, January 13. The regular meeting of the county directors will be on Thursday night at the Farm Advisor's office.

The soil tour on Friday will begin at 9 o'clock in the morning at the Odlin ranch on the Coloma road and will include visits to a number of farms on the county for an inspection of the various ways in which irrigation and conservation practices are being carried.

The tour is open to all interested farmers, who may meet at the Odlin ranch at the hour indicated, or who may obtain from the Farm Advisor's office a detailed schedule of the tour.

Mrs. Edw. Kimball spent last week visiting relatives and friends in Berkeley.

SEWER PLANT "PERFECT"

Sanitary Engineer Finds Disposal System Works In Satisfactory Manner

A report on the operation of the city sewage disposal plant has been filed with the City Council in letter form by Harry N. Jenks, Berkeley sanitary engineer, who designed the plant and supervised its installation.

The report follows: Since the new Placerville sewage disposal project was placed in operation last August 1 have inspected it regularly and have advised the City Manager, James P. Morton, and the plant operator, Urban Frost on the details of operation.

I have found the intercepting sewage lines and the sewage treatment plant to be operating in a very satisfactory manner. The active interest and initiative required for the tuning up of a new plant has been shown by Messrs. Morton and Frost and the plant operation is proceeding practically one hundred percent perfect.

The sewage received at the plant is first settled, then recirculated through a biologic filter bed which oxidizes and purifies the sewage water before being discharged into Hangtown Creek below the city. The sewage is also chlorinated for disinfecting purposes and for the elimination of any odor. During the past irrigation season the purified effluent water from the plant was used to advantage as irrigation water, the city deriving a revenue from its sale.

The one-tenth of one percent of the sewage which forms the organic solids and which is settled out in the form of sludge undergoes digestion in a covered tank and may later be utilized as fertilizer. As soon as warm weather returns, enough gas will be generated by this process to heat the tank to the best temperature for digestion.

The entire power requirements for operation are approximately \$600 per year, as was anticipated at the time the plant was designed. In this respect, the plant consumes approximately one-half the amount of power required by similar plants elsewhere.

In conclusion, it may be stated that with continued good operating supervision as heretofore, and with the landscaping of the grounds which the city will undertake this coming spring, the Placerville sewage works will be one of the outstanding installations in the state.

"Devil Slain" Woman Saved

Quick-Witted Policeman Saves Life Of Oakland Housewife, Deranged

OAKLAND, (UP)—Mrs. Dale Flores, climbed out on a third floor fire escape in a downtown building today and shouted: "Look out! I'm going to jump."

A crowd of spectators gathered below. Police were summoned. Patrolman P. W. Potts and Daniel Murphy went to the doorway leading to the fire escape and tried to coax Mrs. Flores back inside.

"The Devil's after me, I'm going to jump," she said.

"I just shot the devil on my way up," said officer Murphy.

"Oh, you did?" asked Mrs. Flores, evidently relieved.

She permitted officers to lead her to safety inside the building. Mrs. Flores, according to her husband, recently suffered a nervous breakdown.

PWA Approval Given On Final Sewer Contract

PWA approval was received Saturday of the contract entered into by the city and the Pacific Coast Construction Company for completion of the final phase of the city sewer improvement.

City Clerk Esther A. Mahler reported Monday that the city has no word concerning when actual start on the work may be made, but officials are of the opinion that the work may be started during the present week.

The project involves the laying of mains along Cedar Ravine and Emigrant Ravine, connecting with the principal sewer line down Hangtown Creek.

J. C. Rasmussen, of Camino, was at Berkeley to spend the weekend.

Baby Solon

Lindley G. Beckworth, 25-year-old Texan, is shown in Washington preparing for the January opening of Congress, in which he will be the youngest House member in recent years. A former school teacher, he defeated Morgan G. Sanders, a House veteran of 18 years.

BURGLAR TRIO SENTENCED

All Draw Jail Terms As Condition Of Probation For Entering Home

Three who had pleaded guilty to charges of burglary in the second degree in connection with thefts from a Lake Tahoe summer home, were granted conditional probation before Judge George H. Thompson in Superior Court Saturday.

Paul McKeehan was granted probation for five years, conditioned upon making restitution for loot taken, and upon the further condition that he serve three months in the county jail.

John Reynolds was granted probation for three years, upon the condition that he serve three months in the county jail and Jess Shroyok was granted probation for two years, upon condition that he serve two months in the county jail.

The men had been arrested at Sacramento and upon investigation were found to have in their possession loot taken from the summer home of Margaret Bartlett, of San Francisco, at Tahoe Meadows in this county.

They were turned over to the county authorities and subsequently confessed and entered guilty pleas to charges of burglary. The crime was held to be a burglary in the second degree and the men made application for probation.

COUNT BALLOTS TONIGHT IN ANNUAL ELECTION FOR C. OF C.

The results of the annual election of directors of the Chamber of Commerce will be determined at a canvass of the referendum ballot tonight.

Ballots were mailed out two weeks ago and although January 5 was set as the date when they should be returned, this date was extended until tonight to allow time for the return of ballots from sections of the county in which a winter schedule of mail deliveries made a longer time desirable for the return of all ballots.

Secretary Wallace M. Ripley reports an exceptionally large vote in the election, which will be declared closed after the distribution of Monday's evening mail, and ballots then counted.

Rainbow "Old Grads" Invited To Meeting

Members of Placerville Assembly, Order of the Rainbow for Girls, who are preparing for a joint installation of officers with El Dorado Chapter of the Order of De Molay, to be held at the I. O. O. F. hall on Saturday night, January 21, have issued a special invitation to former members of the assembly to attend.

The Rainbow Girls point out that a number of those formerly active in the assembly have received their majority degrees, or have married and withdrawn from work in the assembly, and it is hoped that as many as possible of these past active members will accept the invitation to join with the assembly in its installation meeting.

Dr. S. B. Shepard returned Sunday from Los Angeles, where he had spent the holidays with Dr. and Mrs. Lloyd I. Brauer and family.

PAUL V. MC NUTT ANNOUNCED AS CANDIDATE IN 1940

Barbecue Has Attraction For 130,000

SACRAMENTO, (UP)—A box of garlic, paper plates and trampled shrubbery were all that remained today to show that 130,000 people jammed the state fairgrounds Saturday to celebrate Gov. Culbert L. Olson's inauguration.

Although the barbecued beef gave out long before the huge crowd had been served, and many only had Spanish beans on their plates, the hungry crowd could not go for the garlic.

Fairgrounds officials said the barbecue attendance was the greatest ever recorded in the capitol city and that even state fair crowds, ordinarily the largest, were surpassed as people from all over the state poured into Sacramento for the governor's barbecue.

Many of the enthusiasts were there to see Tom Mooney, whom Olson had pardoned Saturday morning.

Mooney Rests, To See Doctor For Check-Up

SAN FRANCISCO, (UP)—Thomas J. Mooney rested quietly today after a rousing welcome home to a city that 22 years ago was ready to hang him.

Having experienced what he described as "the happiest day of my life," Mooney went into comparative seclusion pending a checkup on his physical condition.

A free man again after his pardon by Governor Culbert L. Olson, Mooney prepared to spend part of the week with his wife, Rena, his brother John, a trolleyman, and his sister Anna.

Some time after Tuesday when Dr. Leo Eloesser, famed west coast diagnostician returns to the city, Mooney will undergo a medical examination. This examination was expected to determine to some extent how active Mooney will become again in the labor movement.

Although he suffered stomach ulcers in prison and is now 56 years old, the former prisoner has said he expects to live 25 years more.

Scouters Meet Tuesday At Community Hall

The regular January meeting of the county district Boy Scout executive committee will be held on Tuesday evening at the Junior Community Hall.

According to District Chairman Dr. L. B. Rantz, discussion of the evening will advance plans for the annual Fathers' and Sons dinner and will outline the program for the year.

Harry S. Brown heads a committee which is preparing a 6:30 o'clock bean supper for the Scouters.

FOREST EMPLOYEE WED AT SANTA ANA DECEMBER 27

Friends of Oliver Stearns, employed on the Eldorado Forest headquarters staff, learned over the weekend of his marriage at Santa Ana on December 27 to Miss Grace Wallace, of that city.

Stearns is a former resident of Santa Ana, where his parents also reside, and has been connected with the forest headquarters for about two years, advancing to that employment from service at Snowline CCC camp.

Mr. and Mrs. Stearns will make their home in Placerville. We join their older friends in all good wishes.

ARMS EXPORTS DOUBLE DURING PAST YEAR

WASHINGTON, (UP)—The national munitions control board reported to congress today that munitions exports in 1938 were double those in 1937.

It reported that the total value of export licenses issued under the neutrality act for the period Dec. 1, 1937, to Nov. 30, 1938, was \$94,209,532, compared with \$45,076,317 in the corresponding period of 1936-1937.

WEATHER

Fair tonight, Tuesday; moderately cold.

Former Indiana Governor May Return From Islands Soon To Lead Campaign

By PAUL T. SMITH

INDIANAPOLIS, (UP)—Paul V. McNutt, educator, former governor of Indiana and U. S. high commissioner to the Philippine Islands, formally announced today his candidacy for the 1940 presidential nomination.

A select group of ranking Hoosier politicians met this afternoon in the office of Frank McHale, Indiana democratic national committeeman, placed McNutt's name on the lists as a "middle-of-the-road" candidate, then opened a headquarters from which the drive to install him in the White House will be directed. The meeting culminates a quiet movement which has been going on for two years, and makes McNutt the first avowed candidate of either party for the 1940 campaign.

McHale, who confers with McNutt about three times a week by telephone over the 10,000 miles to Manila, may soon announce when McNutt will resign his Philippine post and return to the United States.

It was understood McNutt wants to resign within a month. Paul Felts, Bloomington publisher, said last week McNutt planned to sail from Manila Feb. 11, but McHale denied that was a definite decision.

McNutt, white-haired and handsome, has been dean of the Indiana University law school, governor, and high commissioner. As governor he built one of the strongest democratic organizations in the history of the state and originated the "two per cent" club to which all state employees contribute and which was believed ready to open its reported \$1,000,000 war chest for his campaign.

Gov. Olson Improved

Executive Will Be Away From Duties "Several Days," Says Physician

SACRAMENTO, (UP)—Gov. Culbert L. Olson wanted to get up and play golf today but was ordered to remain quiet in Sutter Hospital after collapse Saturday at his inauguration barbecue.

His illness was described officially as "nervous exhaustion" brought on by overwork and excitement in connection with the inauguration and the Thomas J. Mooney pardon hearing.

A late hospital bulletin described the Governor's condition as "improving" and noted that he wanted to relax on the golf course instead of in the hospital. Dr. F. N. Scatena announced however it would be several days before the Governor could return to his duties.

Dr. Scatena was left in charge after Dr. W. A. Swim of Los Angeles, the governor's personal physician, and others called into consultation returned home.

NAVY AMPHIBIANS ARE TURNED BACK TO AVOID STORM

SAN DIEGO, (UP)—Eighteen navy amphibian planes, bound for Miami and Guantanamo Bay, Cuba, on a transcontinental flight, were forced to return to their base here today after encountering severe storms in the mountain regions east of San Diego.

Comdr. Allan Price, commander of the squadron, said it was impossible for the ships to avoid a disturbance centered in the vicinity of Jacumba, 60 miles east of here, and the order was given to return.

Lumber Concern Sued In Superior Court

Suit was on file Monday morning in Superior Court in behalf of D. J. Mueller against the El Dorado Lumber Company, asking judgment of \$679.61. The complaint states the amount sought is owing the Crescent Shingle Company since July 5, last, and that the claim has been assigned to the plaintiff who asks for the principal sum plus interest at 7 per cent.

By JANE VOILES

Two books by women are leading the best seller list this January: "All This and Heaven Too," by Rachel Field who, by the way, is living in Hollywood, and "Rebecca," by the English woman Daphne Du-

maurier. Last January books by two men were in the lead: "Northwest Passage," by our American, Kenneth Roberts and "The Citadel," by the English Dr. Cronin.

How many best sellers of the past are still on your book shelves? The very first best seller we read and raved over, no other word will do, was "The Rosary," by Florence Barclay. That was back in 1910. No, we don't own a copy and we don't wish to, thank you. Curious to refresh our memory about best sellers of the past, we looked through

Furniture Exchange

H. E. HUNSAKER

NEW AND USED FURNITURE

a list compiled by Frederick Lewis Allen. In 1911 Harold Bell Wright was the public idol with his book "The Winning of Barbara Worth." Another popular book that stands out in our memory was Henry Harrison's "Queed." If we remember rightly, "Queed" was one of those quaint, whimsical people who were popular in books a quarter of a century ago and who are anathema today.

Came "Pollyanna" in 1933. What that sticky little trickle of molasses didn't do to the outlook of the reading public, we leave to your imagination. About this time Winston Churchill abandoned historical subjects ("The Crossing," "The Crisis") for social ones and wrote "The Inside of the Cup." Before the war in 1916, a book by Gene Stratton Porter "Michael O'Halloran" was the best seller.

The book of 1917 was H. G. Wells' "Mr. Britling Sees It Through." The tension of 1917 found release in "Dere Mable," the letters of a soldier with their weird spelling. How we all laughed over them. Only the other day we came across a copy of "Dere Mable" in an old book bin. Looking through it we wondered how in the world anyone ever thought it funny.

"The Four Horsemen of the Apocalypse," which first calls to mind Valentino rather than its author Blasco Ibanez, lead all the rest in 1919. Zane Gray came into his own in 1920 with "The Man of the Forest." The war having made people more serious-minded, they turn to non-fiction reading as well, and Gibbs' "Now It Can Be Told" had a wide circulation.

In 1921 two books that have become a permanent part of our library and literary heritage were best sellers: "Main Street" (Sinclair Lewis), and "The Outline of History," by H. G. Wells. In 1923 Gertrude Atherton's "Black Oxen" had us all curious about glandular theories. The tremendous interest in calories that swept the country in 1924 made "Diet and Health," with "A Key to Calories," first in the non-fiction list.

Durant's "The Story of Philosophy," in spite of its price, five dollars, more or less, led in 1927. That was B. D. (before depression). Sinclair Lewis' "Elmer Gantry," led in fiction. The following year "The Bridge of San Luis Rey," by Thornton Wilder, a book that may achieve

Mexican Ace

Francisco Sarabia is pictured above at Los Angeles, Cal., after he had set a new record of 6 hours 31 minutes for the flight from Mexico City to Los Angeles. The previous mark was 8 hours 12 minutes.

the classic mark, was leading. Do you remember the surreptitious readings and the indignation associated with that other book of 1928, "Mother India"? Remarque's "All Quiet on the Western Front," and the Abbe Dimmet's "The Art of Thinking," were the favorites of 1929.

Looking over the best seller list of the present decade, we think reading tastes continue to improve. Edna Ferber's "Cimarron" and Dr. Munthe's "The Story of San Michele," were favorites in 1930. "The Good Earth," by Pearl Buck was the novel of 1931 and "The Education of a Princess" by the Grand Duchess Marie the most widely read book of non-fiction. The Grand Duchess Marie, by the way, is speaking in San Francisco this month.

The phenomenal success of "Anthony Adverse" in 1933 was followed by the still greater, may we say colossal success, of "Gone With the Wind," which has been on the best seller list for three years. Dale Carnegie's "How to Make Friends," was on the best seller list too long, to our way of thinking. Fortunately, it was replaced by a much better book, Lin Yutang's "The Importance of Living."

NEWS PERSONALS

Mr. and Mrs. Gust Brown, of Cammino, are both at Sacramento under the care of doctors. We are glad to be able to report that both are improving.

Mrs. Edith Miller returned home Sunday from Sacramento, where she had spent a week.

A car driven by Orrin Ferris figured in a wreck on Sacramento Hill Saturday night in which no one was injured. Ferris reported that the lights of the car went out suddenly, causing him to lose control.

William Voss, Sr., of Grizzly Flat, was a Monday caller in the county seat and favored us with a visit.

Egbert Veerkamp was among those in town Monday from Missouri Flat.

Mrs. Mary McDonald, sister of the late John Fisher, is here from Sacramento to spend a few days with friends.

C. C. Herbert, Forest Road Superintendent, was at Stockton Monday.

Forest Supervisor Edwin F. Smith was at Snowline Camp Monday morning.

Mrs. Harry O. Lovell and two daughters were here last week visiting friends. They reside at Jackson.

Farm Advisor and Mrs. Ivan Lilley returned over the weekend from Berkeley, where Mr. Lilley had spent the week before in attendance at the annual Farm Advisor's conference.

Mr. and Mrs. A. Sclaroni, of Grizzly Flat, have moved to the county seat and are comfortably situated on Bedford Avenue.

Wife Preservers

Lemons soaked for ten minutes in warm water will yield more juice than unsoaked lemons.

Household Hint

If you buy undergarments that are loose, without being too large, they will wear longer and not make you uncomfortable by twisting or climbing. Wash them frequently with lukewarm water and plenty of mild soap to get longest service.

Charles Eells was a visitor Monday from the Bear Creek section and included this office in his round of calls.

Rabies Proves Fatal For Dog-Catcher

JERSEY CITY, N. J., Edgar B. Campbell, 31, a dog catcher, died today of rabies.

He was bitten by an infected dog Nov. 30. Campbell had been bitten many times but paid little attention to his wounds other than cauterize them with nitric acid. Last Wednesday his arm began to pain him. He was taken to the isolation hospital here Saturday.

Western Pacific Now In Finest Condition

SAN FRANCISCO. (UP)—President Charles Elsey of the Western Pacific Railroad in his annual report said today that the road "is in the finest physical condition in its history."

Discussing the 1939 outlook for his company, Elsey said he looked forward optimistically to an increased business—an improvement in the general railroad situation owing to an awakened public interest.

The "exercises" are opened this evening by the all-girl orchestra, singing and playing for half an hour of KGO at 6 o'clock, following which you may stay there and try the Westminster Choir or move to KPO at 6:30 for Eddie Duchin, who plays pretty well if you can tune out the chimes of Big Ben and stuff. By the way, a radio theater starts on KSFO at 6.

Guy Lombardo, KSFO, at 7, and the contented hour, KPO same time, are followed by Al Pearce, KPO at 7:30, with Amos and Andy at 8 on the same station.

Talk past eight, and that auto tire manufacturer's program on KPO, and the best night of the week on the radio is virtually over.

The Newman plant of the Golden State Milk Company, Stanislaus County, is now producing a sweetened evaporated milk.

Household Hint

Fine salt rubbed upon silver after it has been used for eggs will remove the stain.

Washington Day By Day

(Continued from Page 1)

the impeachment of his Secretary of Labor, Miss Perkins, as well as strong opposition against WPA under its present setup. Both are in the Congressional dog house. These issues, and several other smelly political diapers and sundry New Deal undies are due to come out of the wet wash and go through the wringer.

After scanning all these dark clouds and hearing heavy thunder on the horizon, does the President still hope to salvage his shipwrecked court reform and governmental reorganization schemes, and keep the spending-lending-taxing ship on an even keel?

Before the answer can be considered by a sane person, it must be remembered that even those who regard President Roosevelt as the greatest statesman of our day also know him as a master politician, and some of the boys who openly fought him may yet become eager and ardent devotees of the White House hookah—thanks to the Republican menace!

Californians Overdue On Hawaii Voyage

HONOLULU. (UP)—Two adventuresome Californians were overdue today on the first leg of a 2000 mile South Pacific ocean trip in a remodeled outrigger canoe.

The two, U. A. Woodbury, of Elsinore, and Don Hall, of Long Beach, were due at Hilo on the island of Hawaii several days ago. Although there were some fears for their safety it was thought they might have made an emergency landing on some remote beach.

LaGuardia Says Relief Budget "Not Enough"

WASHINGTON. (UP)—Mayor Fiorello H. LaGuardia of New York today proposed that congress provide \$915,000,000 to finance relief until July 1 instead of the \$875,000,000 recommended by President Roosevelt.

LaGuardia, representing the conference of United States Mayors, said Mr. Roosevelt's recommendation is "not enough" to meet the needs of the Works Progress Administration until the end of the fiscal year.

Funeral On Monday For Labor Camp Member

Funeral services for Henry Hodges, 55, a member of the WPA labor camp located at the head of Cedar Ravine, were held Monday afternoon from Memory Chapel. The Rev. Father Moles was in charge and burial was at Catholic cemetery.

Mr. Hodges was a native of Ireland who came to America 25 years ago. He died at the camp on Saturday. He is survived by a sister, Mrs. Alice Heflin, of Flushing, New York.

Green Commends F. D. R. Court Appointment

WASHINGTON. (UP)—William Green, president of the American Federation of Labor, endorsed today President Roosevelt's nomination of Felix Frankfurter, Jewish liberal and new deal adviser, to the supreme court. He described Frankfurter as "a man of broad vision."

Carl Gibson was removed to Placerville Sanatorium over the weekend for treatment of pneumonia.

ROYAL ITINERARY FAILS TO INCLUDE VISIT TO DIONNE BABES

CALLANDER, Ont., (UP)—Dr. Allan Roy Dafeo believes French Canadians will deeply resent the failure to include a visit to the Dionne quintuplets here in the itinerary of King George and Queen Elizabeth for their Canadian tour next summer. The babies are wards of the King.

"Personally, I don't care," Dafeo said, "but the dominion government is not showing much courtesy to the French in Canada."

Dr. Dafeo said he was sure their majesties had not been consulted about visiting the quintuplets. He blamed the government at Ottawa.

2 Killed, Homes Lost In Forest Fires

MELBOURNE, Australia, (UP)—Two forest officers have been killed, more than 100 houses destroyed in forest and brush fires in Victoria.

Officially the fires were ascribed to scrub fires of settlers, getting beyond control. Popularly they were attributed to severe heat.

Ice-Covered Highway Crash Hurts 4

FLAGSTAFF, Ariz. (UP)—Ice-coated highways were blamed today for an accident last night which resulted in serious injuries to four tourists.

An automobile carrying Mr. and Mrs. Tom Hill and Roger Forget, all of San Francisco, collided head-on with one driven by Dr. R. Hire of Denver, Colo., on the road 14 miles west of here. All of the victims were brought to the Flagstaff hospital.

Al Capone, "Screw," Denied Visitors

SAN PEDRO. (UP)—Al Capone entered the final period of his prison term on Terminal Island, the government's most modern correctional institution, today.

A guard said that he was "screw" as a bed bug" from advanced paresis. He was not expected to be allowed visitors, even his wife, before he is released on Nov. 19, with good behavior and payment of the outstanding \$20,000 on a \$50,000 fine.

TRY THIS LOW-DOWN TEST

IN ROOMS THAT NEED ELECTRIC HEAT

The coldest coldness you feel these wintry mornings is the low-down chill that seeps up from floors. It is a knee-high strata of nippy chill you will find in your bedroom, bathroom or breakfast nook these January days.

Make this low-test yourself. Get down on your hands and knees and feel the icy reception that greets your floor-patting. THEN—plug in an electric heater. Watch the coils glow red as a Sahara sun. Ah, THEN! Like a miracle the low-down cold is

replaced with low-down warmth.

In your home RIGHT NOW these cold January days, QUICK ELECTRIC HEAT is needed. Put an electric heater beside your bed while you dress. Stand an electric heater beside the washstand in your bathroom while you shave or bathe. Set down an electric heater in your breakfast nook or kitchen table. Electric Heat is one of the greatest winter comforts and joys you can know. Come in and order the electric heater you need today.
